THE INVALID'S FRIEND.
HOLLOWAY'S PILLS.

Nervous Disorders.
What is more fearful than a breaking down of the nervous system? To be excitable or nervous in a small degree is most distressing, for where can a remedy be found? Here is one—Drink but little wine, beer or spirits, or far better, abstain from them altogether; do not take coffee—weak tea is preferable; get all the fresh air you can; take three or four of these Pills every night; eat plenty of solids, and avoid the use of sweets. If these golden rules are followed, you will be happy in mind, strong in body, and forget you have any nerves.

Mothers and Daughters.
If there is one thing more than another for which these Pills are so famous it is their purifying properties, especially their power of cleansing the blood from all impurities, and removing dangerous and renewing suspended secretions. Universally adopted as the one grand remedy for female complaints, these Pills never fail, never weaken the system, and always bring about what is required.

Disorders of the Kidneys.
In all diseases affecting these organs, whether they secrete too much or too little water; or whether they be afflicted with stone or gravel, or with aches and pains settled in the loins over the region of the kidneys, these Pills should be taken according to the printed directions, and the Ointment should be well rubbed into the small of the back at bed time. This treatment will give almost immediate relief after all other means have failed.

The Stomach out of Order.
No medicine will so effectually improve the tone of the stomach as these Pills; they remove all acidity, occasioned either by intemperance or improper diet. They reach the liver, and reduce it to a healthy action; they are wonderfully efficacious in cases of spasms—in fact they never fail in curing all disorders of liver & stomach.

Bronchitis, Diphtheria, Coughs, Colds.
No diseases are more frequent, few more dangerous, than affections of the respiratory organs. The first symptoms of disordered action may always be removed by Holloway's renowned Pills. They quickly remedy any temporary stagnation of blood, relieve any over-gorged veins, moderate the hurried breathing and enable the windpipe and lungs to perform their functions with ease and regularity. These Pills, by their purifying powers, cleanse the blood from all impurities, and thus fortify the system against consumption, asthma, and other pulmonary complaints.

Debilitated Constitutions.
In cases of debility, languor and nervousness, generated by excess of any kind, whether mental or physical, the effect of these Pills is in the highest degree bracing, renovating and restorative. They drive from the system the morbid cause of disease, re-establish the digestion, regulate all the secretions, brace the nervous system, raise the patient's spirits, and bring back the frame to its pristine health and vigour.

Billousness, Loss of Appetite, Head-ache and Lowness of Spirits.
These Pills effect a truly wonderful change in debilitated constitutions as they create a healthy appetite, correct indigestion, remove excess of bile, and overcome giddiness, headache, and palpitation of the heart.

Holloway's Pills are the best remedy known in the world for the following diseases:—

Ague, Asthma, Bilious Complaints, Blotches on the skin, Bowel Complaints, Colic, Constipation of the bowels, Consumption, Debility, Dropsy, Erysipelas, Female Irregularities, Fevers of all kinds, Fits, Gout, Head-ache, Indigestion, Inflammation, Jaundice, Liver Complaints, Lumbago, Piles, Rheumatism, Retention of Urine, Scrofula, or King's Evil, Sore Throat, Stone and Gravel, Secondary Symptoms, Tic Douloureux, Tumours, Ulcers, Venereal Affections, Worms of all kinds, Weakness, from whatever cause, &c., &c.

Sold at the establishment of PROFESSOR HOLLOWAY, 244, Strand, (near Temple Bar) London; also by all respectable Druggists and Dealers in medicines throughout the civilized world, at the following prices:—1s. 12d., 2s. 9d., 4s. 6d., 11s., 22s., and 35s. each Box.

* * * There is a considerable saving by taking the larger sizes.

N. B.—Directions for the guidance of patients in every disorder are affixed to each box.

NEW WESTMINSTER, SATURDAY, MAY 13, 1865.

THE END OF THE WAR.

The news recently reaching us from the United States of America would appear unmistakably to indicate the end of the terrible war which has been raging on the eastern side of this continent during the past four years. It would seem that the assassination plot was the last desperate effort of a desperate and expiring cause—the bloody sequel of a bloody strife. Although the horrors of that internecine struggle, in which it was often brother against brother, father against son, paled the face of humanity and struck horror and fear into the hearts of older nations, yet would the South have died honorably and proudly had it not been for the last bloody and wholly unjustifiable tragedy. If, as would now appear to be the case, Jeff. Davis was the instigator of the infamous plot, or even a consenting party to it, he will have brought a foul stain upon the cause in which he so long and so nobly strove, and the impartial historian will couple his name with infamy black and foul. But does the end of the war mean the end of war upon the continent? A million of men—we believe the entire war power of the North will not fall under it—trained to war and habituated to the work of carnage brought to a stand all at once for lack of an enemy is a terrible consideration. How many of these men will feel disposed to exchange the implements of war for the implements of husbandry and peace? Inured to camp life, familiarised with the bloody field of battle and thirsting for distinction or for booty, will they not rather cast about for a new field in which to exercise their prowess and gratify their ambition or their avarice? The present crisis has not been unanticipated by our own nation. Irritation growing out of the maintenance of a strict and honorable neutrality, added to little brushes upon questions of international law and the geographical proximity of Canada to the scene of the great struggle were presumed by many to have predisposed the North to pick a quarrel with "John Bull," so soon as they had succeeded in settling their own family difficulty. That such apprehensions were entertained by British statesmen is evident from their utterances as well as from the policy they have pursued with respect to the Provinces. It is somewhat singular that in Canada, which must have been the battle field in such case, less fear was entertained than on the other side of the Atlantic. Never a strong believer in the probability of the North seeking to beard the British Lion, we think we can see in the news published by us on Thursday a very providential safety-valve through which the martial ardor and aspirations of the Northern soldiery may find vent. We are told that "Mexican recruiting agents advertise openly in to-day's Washington Chronicle for discharged officers and men to migrate to Mexico." To the mere superficial observer of events this laconic announcement may appear unimportant, and yet it may involve the destiny of empires. Few believe that the scion of the House of Hapsburg is seated very firmly upon the throne of Mexico. A people who since 1823 have had thirty-six different Governments will soon find means to depose the nominee of a foreign nation. Should Jeff. Davis succeed in reaching Texas, and carry with him to Mexico Kerby Smith, with his little army of 20,000 men, there is no reason why, in the present condition of affairs in that country, he should not rally round him strength enough to make a stand on one side or the other. Should this be the case the martial spirits of the North will all the more readily find vent in renewed strife upon soil they have so long coveted, and they will easily manage to make a *casus belli* out of the presence in that country of the great rebel chief. We care not now to stop to speculate upon the probable consequences and possible complications of such a strife. But we think we can see the events now transpiring a field opening up in which the restless spirits of the Northern States may quench to the full their martial ardor without committing such a fatal error as quarreling with the British Lion, either by bearding herself or touching her Canadian cubs.

CELEBRATION.

—OF THE—

QUEEN'S BIRTH-DAY!
24th MAY, 1865.

COMMITTEE OF MANAGEMENT.

THE HONORABLE A. N. BIRCH,
THE HONORABLE J. A. R. HOMER,
THE HONORABLE H. HOLBROOK,
CHARLES GOOD, ESQ.,
A. T. BUSHBY, ESQ.,
CAPTAIN COOPER,
WILLIAM CLARKSON, ESQ.,
W. E. CORMACK, ESQ.,
W. J. ARMSTRONG, ESQ.,
J. T. SCOTT, ESQ.

The following is an outline of the arrangements made by the Committee for the general Programme, the details of which will be published in due course:

At 11 o'clock a.m. the Chiefs of the Native Tribes will assemble their canoes at New Westminster and proceed in regular order to the end of the new road, where they will disembark and collect in the groups in front of the Government Office. The St. Mary School-boys will also assemble in the same place, headed by their Pastor.
At Noon, after the Levee at Government House is over, a Royal Salute will be fired, and the Volunteers will parade at the Camp.
At 12:30 the Governor will visit the Indians at the Camp, and receive the addresses from the Chiefs. His Excellency will then distribute presents to the Chiefs, after which the Indians will return to the new road, where refreshments will be provided for them.
At 1:30 there will be Sailing Matches;
At 2 Indian Canoe Races;
At 3:30 Indian Foot Races, &c., on the Cricket Ground;
At 4 Athletic Sports and Games, open to all comers on the Cricket Ground;
At 5:30 Boat Races.

The British Columbian.

NEW WESTMINSTER, SATURDAY, MAY 13, 1865.

"Lo! the poor Indian."

It is interesting to study the Indian character as exhibited in this city within the past day or two. We have now amongst us thousands of natives from various parts of the coast as well as the interior, many of whom, if one might judge from their demeanour, have visited a white settlement and gazed upon the "rancherie" of the "King George man" for the first time. It is amusing to observe the curious wonderment with which these people behold the larger and better class of buildings. The large stone buildings especially appear to attract their attention, and evoke gestures and ejaculations of surprise and admiration. Submitting the granite walls to the test of touch and sight they cast their eyes to the top of the majestic pile, and give expression to their astonishment in guttural accents. Wandering up and down the principal streets they linger at every shop window to feast their uncivilized eyes upon the rich and showy wares exhibited therein. Indeed the whole deportment of these people forcibly reminds one of a raw country lad visiting London or Manchester for the first time, if, indeed, such things ever happen in England, and feasting his astonished and bewildered senses upon everything which comes in his way. But there is observable a marked expression of harmless simplicity, especially amongst those who belong to the more remote tribes, which would lead us to believe more firmly than ever that with proper treatment at the hands of the whites the aborigines of British Columbia would be easily managed. The very circumstance of so many thousands, representing about a hundred different tribes, assembling here on the invitation of the Governor to participate in the celebration of the natal day of our Queen and their "hyas bloodman" (father), some of them coming many hundreds of miles for that purpose, exhibits a most promising trait of character. It remains for His Excellency to turn to a good practical account the invaluable opportunity presented by the approaching demonstration. In the most favorable mood and under the most auspicious circumstances for receiving an impression for good or for ill, proper management on the part of His Excellency, well supported by the Executive Committee, will have a tendency to disabuse the native mind of very much of that prejudice with which it has been imbued against the whites, and send them back to their forest homes better subjects and better men, and more accessible to the Christian missionary. While we believe that there would be little danger to be apprehended from the presence of so many Indians in this city, where they kept free from the pernicious influences of degraded whites, yet we feel equally satisfied that there is danger, if more stringent measures are not adopted for preventing the sale or gift of spirits to these people. We have reason to believe that there are at the present moment a number of persons, attracted hither by the unusual gathering, watching for an opportunity to ply their illegal and unallowable trade with the Indians. One or two cases have already occurred, and unless suitable precautionary measures are at once adopted the result may be a serious affray amongst the natives, or, possibly, between the natives and the whites. It is especially the duty of Government, having invited these people here—His Excellency's guests, as it were—to protect them against the mischievous and contaminating contact of the degraded Indian whisky seller. We would, therefore, respectfully suggest the appointment of a special police force for the occasion, to prevent anything of the kind; and, perhaps, some of the most reliable natives themselves might be employed with advantage in the service.

Stamp's Mills.

The fact that Capt. Stamp, representing a powerful English company, is about to erect a very extensive saw-mill upon Burrard Inlet has already been announced in our columns. We understand that although negotiations with the Government respecting the required grant of land, &c., are still pending the work has been commenced, and a large number of men are now employed. A proposition has been made to the Government by Capt. Stamp, for constructing a wagon road from the terminus of Douglas-street road down the Inlet to a point opposite the site selected for the mills; the terms of the proposition being that each party should bear an equal share of the expense of construction. We trust that in the matter of the grant of land, the construction of the road, or in respect of any other question which may arise in which the company, represented by Capt. Stamp, and the public are mutually interested, the Government will meet that company with becoming liberality. The importance of such enterprises as that respecting which we now write, in the present stage of the colony, can hardly be over estimated, and any little expenditure incurred by the Government in encouraging and facilitating the operations of the company, by aiding in the construction of roads, &c., will be well spent money, and

will be quickly returned to the Exchequer in the augmentation of revenue arising out of the manufacture and export of lumber and spars. It will not, we believe, be an over estimate to say that the mills in question will give employment to 200 men all the year round; and when viewed as making a commencement in the development of a vast resource which has hitherto lain comparatively dormant for want of capital, we are quite justified in attaching very great importance to an enterprise which, in an older colony, would attract, perhaps, very little attention. The road from here to the Inlet, just completed, we understand by the contractor, Mr. Scott, will prove of great advantage as a means of ready communication, and we may expect to see the country through which it passes, as well as that to which it leads, attract much attention, so that those who have been fortunate enough to secure property in that locality will have no cause to regret the investment. With its mills, cod banks, salmon fisheries, oyster beds, and coal fields, and may we not add, gold fields, for Seymour Creek is by no means abandoned, Burrard Inlet is evidently destined to become a place of no inconsiderable importance.

SPECIAL DISPATCH TO THE "BRITISH COLUMBIAN."

IMPORTANT FROM THE EAST.

More about Jeff Davis.

TRIAL OF THE ASSASSINS.

KIRBY SMITH NEGOTIATES SURRENDER.

DICK TAYLOR AND FORREST, DITTO.

GREAT REDUCTION IN THE ARMY.

CAPT. SEMMES AMONGST THE SURRENDERED.

The English Press on the Assassination.

EUROPEAN DATES TO APRIL 27.

United States Dates to the 8th instant.

WASHINGTON, May 8th.—It has been ascertained that Jeff Davis and his flying cabinet have with them about \$50,000 each in specie, or \$300,000 in all. Cavalry are on their track and sanguine of capturing them. It is ascertained that the rebel cavalry escort under Hampton is deserting rapidly. They state that 1500, who were secured on account of their supposed fidelity, were not satisfied with Hampton's refusal to surrender. A number of officers deserted, fearing if captured they would be treated as outlaws. Deserters predict that Davis will not have more than a corporal's guard by the time he reaches Mississippi River, if he succeeds in getting that far.

NEW YORK, May 8.—Military court for the trial of the assassins met to-day, Gen. Hunter, President. Nothing was done beyond arranging rules.

NEW YORK, May 8th.—New Orleans correspondence contains additional particulars of negotiation for surrendering Kirby Smith's entire army. Meeting to arrange preliminaries took place on the 23rd April at the mouth of Red River, at which place Col. Seymour appeared on behalf of Gen. Smith and Col. Sprague represented Gen. Pope. These officers were to have another conference at the same place on May 2nd. Of the result of latter meeting nothing is yet known, but it was understood that the terms proposed were the same as those given Lee and Johnston. There were rumors at New Orleans that Gens. Dick Taylor and Forrest had made formal propositions for surrender of their forces. Gen. Canby left New Orleans suddenly for Mobile. It is believed he went there for the purpose of receiving Taylor's surrender. It is not made public until the terms of the interview are announced. Taylor returned to Mississippi and Canby to Mobile. Little doubt is entertained that Taylor will shortly surrender.

NEW YORK, May 8.—Arrangements are being made to pay all the troops that rendezvous about Washington prior to mustering. Amount of force to be kept in service will not exceed 150,000, and these mostly colored.

The Herald's correspondent gives further details of the surrender of Johnston. Over 3,000 men surrendered, also one hundred pieces of artillery. Among the officers surrendered is the notorious Semmes, of the pirate Alabama.

NEW YORK, May 8.—The Liverpool Post, April 27th, appeared with its columns in mourning. The Times says nothing in political history can be remembered that has drawn forth more unanimous feeling, than the news of the assassination. Personally President Lincoln enjoyed the kind regards of every one in England. The extent to which his influence was exerted in upholding amicable feelings between England and the United States is shown by the fall of unusual severity in all classes of securities. The Times says editorially that the news will be received throughout Europe with sorrow as sincere and profound as it awoke even in the United States. The Daily News says Lincoln has not fallen in the flash of triumph, for no thought of triumph was in that honest man's heart. His task was accomplished, the battle of his life was won. In all time to come, among all who think of mankind more than rank, the name of Abraham Lincoln will be held in reverence. The Star pays a warm tribute to Lincoln—eulogizes his steadfast policy of peace, spite of all opposition towards England, and also expresses great confidence that the North, even in the hour of its first indignation, will mean itself with the magnanimity and clemency which thus far attended its triumph.

RAN OFF THE TRACK.—An accident happened in this city yesterday morning, by which one of the Chinamen engaged on Mr. Sharp's contract came near losing his life. Owing to a shower of rain the tramway on Hamly street had become slippery, and as the car, loaded with dirt, came down, the breaks were applied in vain to check its speed. On it went with fearful velocity, until, reaching the terminus on Columbia street, it bounded over the "turn-table" crushing an unsuspecting and bewildered Chinaman against the bank of earth. The fractious car was speedily removed, and "John," who was supposed to be dead, got up and shook himself, not being the worse for the adventure.

THE TWENTY-FOURTH.—We understand that at least one of H. M. ships of war, probably the Camelion, and a gunboat will be present on the 24th. The sooner they come the better.

NEWSPAPER AT NANAIMO.—We mentioned some time ago that a newspaper was about to be started in Nanaimo. The plant came up from San Francisco by the last steamer, and the paper will probably make its appearance in the course of next week. We understand it is to be edited and published by Mr. McClure, brother of the Editor of the British Colonist. The establishment of a paper would seem to indicate the rapid prosperity of the town and the enterprise of its inhabitants.

DOUGLAS-STREET ROAD.—We believe this road is at length completed. Mr. J. T. Scott, the contractor, drove His Excellency the Governor and the Hon. Colonial Secretary over it yesterday. It is matter of regret that the rain which continued to fall throughout the day would militate against the enjoyment of the party, as well as cause the character of the work to appear in a less favorable light.

FROM VICTORIA.—The steamers Enterprise and Alexandra arrived from Victoria last evening, bringing considerable freight, a few passengers and the usual files of papers. There is no news of importance from the island. Mr. Cruikshanks had been arrested at the instance of the Bank of British Columbia, on a charge of appropriating \$5000 of its funds to his own use, as far back as June, 1863.

TELEGRAPHIC.—Under the energetic management of Mr. Conway the western extension line is being vigorously pushed forward, and it is anticipated that by the middle of July it will be working to Williams Creek. What a commercial revolution will thus be brought about!

THE WEATHER.—A drizzling rain set in from the east yesterday morning and continued throughout the day with no appearance of clearing up for a day or two. The change is not undesirable after two weeks of warm dry weather, and will help crops and garden stuffs, which are doing remarkably well.

FROM YALE.—The Reliance returned from Yale yesterday about noon, bringing a Cariboo Express for Dietz & Nelson, containing \$4,000 in treasure, and a small Cariboo mail. The Reliance carried up 90 tons goods and 40 passengers.

FOR NEW WESTMINSTER DIRECT.—One of our merchants received a telegraphic dispatch on Thursday night announcing that the ship Metropolis, Howard Master, will sail on the 16th from San Francisco for this port direct.

ECCLIASTICAL.—The Reverend Archdeacon Wright, being about to return to England, will preach his farewell sermon to-morrow at Holy Trinity Church. We understand that an address will be presented to him from the congregations of Holy Trinity and Sapperton Churches.

SALE OF A PACK TRAIN.—We learn that Mr. Ladner disposed of his mule train at Yale the other day for \$8,000. A Frenchman, whose name we did not get, was the purchaser.

AT HIS OLD TRICKS.—The Chronicle continues to publish our special telegraphic dispatches without giving his readers the slightest idea of the source from which he obtains them.

FROM CARIBOO.—Our advices from Cariboo are to the 2nd inst., but unusually devoid of interest.

BARNARD'S STAGES are being well patronized. The coach which started out from Yale yesterday was crowded with passengers.

FROM DOUGLAS.—The steamer Hope came in from Douglas last evening, bringing an express for Dietz & Nelson with a small amount of treasure. She carried up 75 tons of freight.

THE SCHOONER "GENERAL HARNEY" is taking in a cargo of lumber at the B. C. Mill Co.'s mills for the Victoria market.

PRISON RETURNS.—We are indebted to the politeness of C. J. Pritchard, Esq., Governor of the Jail, for the following abstract of prison returns for the month of April, 1865: In jail on 1st of the month, 97; received during the month, 7; discharged during the month, 8; in jail on 30th of the month, 26.

To the Editor of the British Columbian.

SIR,—It is probable that on the 24th instant the largest body of Indians ever together on the banks of the Fraser will be assembled at New Westminster. The residents in the town, for that week at any rate, will amount to some thousands. The first wave of a mighty tide of red humanity is already upon us; day by day the canoes will discharge their living loads around us, until every tribe shall have sent up its tale. During this time our farmers and our drapers may expect to do a great trade, notwithstanding the thievish propensities of the Indians; but it is to be feared that there are others who expect to do a good stroke of business in a grossly illegal manner. I allude to those who sell ardent spirits to the Indians. It is a well known fact that the natives will always drink themselves into a state of mad drunkenness if they can but procure the wherewithal. That they will so procure it, unless measures be taken to lessen the probability of such an occurrence, is certain. We have at present a disposable force of four policemen—a force entirely inadequate at this time—to lessen or prevent the sale of spirits to the Indians; but, were these officers all that they should be and unfortunately are not, it is probable that the festivities of the time, acting upon some of the resident population, will make their services unavailable for this purpose. The Chief Constable is indeed a man eminently qualified for the position he holds, but his subordinates are generally supposed to be neither useful nor ornamental—to be neither Cæsar nor Pompey, especially Pompey.

It is to be hoped that the authorities, taking these matters into consideration, will appoint for a few days—say for 10 days—a certain number of men, with plenty of pluck and bone and sinew, to act as special constables. That such an organization would be most useful no man can deny; the cost would be trifling—six men, three for the day and three for night work, at \$3 a day—cost for 10 days only \$180. The advantages accruing from such a proceeding far counterbalance any pecuniary objections, which however cannot be reasonably anticipated.

CAUSTIC.

HOLLOWAY'S OINTMENT AND PILLS.—There is no question whatever that rheumatism, neuralgia, and such like painful maladies, are ever prevailing amongst a large proportion of our population. The number of testimonials of cures effected by Holloway's remedies is unprecedented, and should be enforced on the attention of all sufferers from these complaints. The parts in pain should be fomented for some minutes with warm brine, dried, and immediately well rubbed with the Ointment. It will pass into the pores of the skin, and give the greatest relief. Many valuable lives are annually lost which might be saved if early recourse in illness were made to these remarkable remedies, which must necessarily prove beneficial, and cannot do harm.

COTTONWOOD & RICHFIELD
WAGGON ROAD.

PUBLIC NOTICE.

SEALED TENDERS will be received at the Lands
& Works Office, New Westminster, up to noon of
WEDNESDAY, the 31st day of MAY, 1865, for the
construction of a Waggon Road connecting the COT-
TONWOOD RIVER BRIDGE with the road now made
to a point about 3 miles from the town of Van Winkle.

The road to follow the present blazed line as far as
Davis' Creek, and thence along the valley of Lightning
Creek to the point above named. The road will be di-
vided into three sections.

SECTION I.—Extending from Cottonwood Bridge to a
point on Lightning Creek where the blazed line of road
intersects Capt. Grant's Trail.

SECTION II.—Extending from the last named point to
Davis' Creek.

SECTION III.—Extending from Davis' Creek to the
termination of the road (now constructed from Rich-
field), in the vicinity of the 47-mile post on Captain
Grant's Trail.

Parties tendering for more than one section of this
work must send in a separate tender for each section.

With each tender must be enclosed a Bond of the
person tendering, and of two responsible Sureties with
him, for the payment to the Government of the sum of
£1,000, conditional on the non-fulfilment by him of the
terms of his tender, if accepted.

The lowest or any tender not necessarily accepted.

Further particulars can be had by applying at the
Lands & Works Office, New Westminster, or at the Ma-
gistrate's Office, Quesselmouth, where the Specifications
and form of Bond can be seen.

Tenders to be addressed to the Chief Commissioner
of Lands & Works, and superscribed "Tender for Cot-
tonwood and Richfield Road."

ALL CURES MADE EASY!!

HOLLOWAY'S OINTMENT.

Bad Legs, Ulcerous Sores, Bad

Breasts and Old Wounds.

No description of wound, sore, or ulcer can resist the
healing properties of this excellent Ointment. The
worst cases readily assume a healthy appearance when-
ever this medicament is applied; sound flesh springs
up from the bottom of the wound, inflammation of the
surrounding skin is arrested, and complete and per-
manent cure quickly follows the use of the Ointment.

Piles, Fistulas and Internal Inflam-

mation.

These distressing and weakening diseases may with
certainty be cured by the sufferers themselves, if they
will use Holloway's Ointment, and closely attend to the
printed instructions. It should be well rubbed upon the
neighbouring parts, when all obnoxious matter will
be removed. A poultice of bread and water may some-
times be applied at bed time with advantage; and most
scrupulous cleanliness must be observed. If those who
read this paragraph will bring it under the notice of
such of their acquaintances whom it may concern, they
will render a service that will never be forgotten, as a
cure is certain.

Rheumatism, Gout & Neuralgia.

Nothing has the power of reducing inflammation and
subduing pain in these complaints in the same degree
as Holloway's cooling Ointment and purifying Pills.
When used simultaneously they drive all inflammation
and depravities from the system, subside and remove
all enlargement of the joints, and leave the sinews and
muscles lax and uncontracted. A cure may always be
effected, even under the worst circumstances, if the use
of these medicines be persevered in.

Eruptions, Scald Head, Ringworm &

other Skin Diseases.

After fomentation with warm water, utmost relief and
speediest cure can be readily obtained in all complaints
affecting the skin and joints, by the simultaneous use
of the Ointment and Pills. But it must be remembered
that nearly all skin diseases indicate the depravity of
the blood and derangement of the liver and stomach,
consequently, in many cases, time is required to purify
the blood, which will be effected by a judicious use
of the Pills. The general health will be readily improved,
although the eruption may be driven out more freely
than before, and which should not be promoted; per-
severance is necessary.

Sore Throats, Diphtheria, Quinsy,

Mumps & all other Derangements

of the Throat.

On the appearance of any of these maladies the Oint-
ment should be well rubbed at least three times a day
upon the neck and upper part of the chest, so as to
penetrate to the glands, as salt is forced into meat;
this course will at once remove inflammation and ul-
ceration. The worst cases will yield to this treatment by
following the printed directions.

Scrofula or King's Evil and Swelling

of the Glands.

This class of cases may be cured by Holloway's puri-
fying Pills and Ointment, as their double action of puri-
fying the blood and strengthening the system renders
them more suitable than any other remedy for all com-
plaints of a scrofulous nature. As the blood is impure
the liver, stomach and bowels, being much deranged,
require purifying medicine to bring about a cure.

Both the Ointment and Pills should be used in the following
cases:—

Bad Legs. Chapped Hands. Scalds.

Bad Breasts. Contracted and Sore Nipples.

Burns. Stiff Joints. Sore-throats.

Bunions. Elephantiasis. Skin-diseases.

Bite of Mosquitoes. Fistulas. Scoury.

and Sand-Flies. Gout. Sore-heads.

Coccydiaz. Glandular Swel- Tumors.
